The Center *for*
Loss and Bereavement

FIELDS *of*
H  PE

Thank you to everyone who supported, attended, and volunteered at our Fields of Hope fundraising event! Hosting a sunflower event offered us the opportunity to connect with the community and share our hope to be a place of light and comfort to those enduring a loss. Like the sun provides a way for sunflowers to find growth and light, The Center for Loss and Bereavement provides a place of solace and comfort for those grieving to lean towards.

"I want to be like a sunflower; so that even on the darkest days I will stand tall and find the sunlight."

-Anonymous

Fields of Hope was joyful, inspiring, fun and encouraged many to find their light. Hundreds of people participated in Photography, Plein Air, and U-Pick events, allowing us

to reach our fundraising goal that will help support all of our services and programs!

Special thanks to the Smith Family and Farm manager, Ed Evans, for making this fantastic event possible!

Clinical & Group Programs Update

Children's Programs

Our school year bereavement program for children, teens, and the adults who care for them, Nello's Corner, is on track to be offered in-person beginning mid-September. Health protocols are constantly being reviewed and updated so we can determine best practices for opening our doors safely. Age-specific groups will be scheduled for every other Tuesday and Wednesday from 4:30-5:45 pm or 7:00-8:15 pm. If your family or one that you know could benefit, please reach out to us soon so we can reserve your space in our peer groups.

Adult Specialized Support Groups

This month brings adults who are coping with the Loss of a Parent and Loss of a Spouse or Partner into specialized six-week group sessions, building connection and support. As we plan for fall, options will be offered for new groups to meet in person or, if needed, virtually. Two ongoing groups, Loss of a Child and Young Adults Grieving a Loss are meeting in person at the Center and welcome new members to join beginning in September. Those interested in learning more about our support group program for adults are encouraged to connect with us.

Counseling

Our Clinical Counseling services will continue to be offered virtually as well as in-person while following all safety protocols. We have recently added a new therapist to our clinical team, in support of the growing demand for this specialized service. Hannah Feehery, NCC, is now scheduling appointments for adults, children, and teens seeking individual and family grief support. Visit Hannah's bio on our website [here](#) to learn more about her experience in this field and her compassionate, personalized approach.

Contact us at 610-222-4110 to speak with our Intake coordinator Kim. She can help you navigate the options available.
