

U-PICK SUNFLOWERS

FIELDS of
HOPE

GUIDE TO PICKING...

- CUT SUNFLOWERS WHEN THE OUTER PETALS ARE BEGINNING TO RISE OFF THE CENTER, AND THE DISK FLOWERS IN THE MIDDLE HAVE NOT YET OPENED OR ARE JUST STARTING TO OPEN
- USE PRUNERS WITH A SHARP BLADE TO GET A CLEAN CUT AT A 45 DEG ANGLE AND SELECT A LENGTH 6-8" LONGER THAN THE VASE YOU PLAN TO USE
- AVOID PLACING TOO MANY HEADS IN ONE BUCKET OR BUNCH WHILE HARVESTING; BECAUSE CROWDED HEADS MAY DAMAGE EACH OTHER

ONCE DONE PICKING, FOLLOW THE INSTRUCTIONS FOR
"WRAPPING YOUR BLOOMS" - ENJOY!
