is a unique, high quality school-year program offering grief support to children, teens, and the adults who care for them who have experienced the death of an immediate family member. Children ages 4 to 18 meet in age-specific groups twice a month, sharing activities, discussion or simply enjoying the company of peers whose lives have also been impacted by a death. At the same time, parents and guardians are encouraged to meet with one another in a supportive group environment to gain insight on how to help their children deal with grief

Groups are scheduled on Tuesdays and Wednesdays at our Center in Skippack, PA. Younger children meet at 4:30 pm and older children and teens meet at 7 pm. While there is no fee, donations are appreciated.

Staff of the Center and specially trained volunteers facilitate our groups. They are able to meet participants wherever they are with their grief. Families remain in the program for as long as needed.

Visit our website and click on Request Information tab or give us a call. We will provide more information and a link to our Registration Form. Program staff will then arrange a pre-group visit for your family.
